

SACRAMENTO IS NOT IN THE GAME RENO PROMISED A PURER WATER SUPPLY BENEFIT WAS A SUCCESSFUL ONE

Gives Reasons Why It Will Not Race Reno, But Omits One, Namely That It Couldn't Make Things Interesting for Locals

The Sacramento Bee contains the following:
The Capital City Wheelmen, of this city, will go against the Oakland Wheelmen of Oakland, next Sunday in a fifty mile relay, which promises to be one of the hottest ever held in this city. Last Sunday the Capital City Wheelmen defeated the Carson team of that city, while the Reno team defeated the Oakland at Reno. By defeating the Garden City Wheelmen on the Fourth of July, the Capital City Wheelmen became champions of the Pacific coast, the San Jose boys having taken the championship from Reno, who took it from Sacramento about two years ago. Immediately after the victory of the Sacramento team on the Fourth of July, they received a challenge from Reno for an immediate race, but replied to Reno: "We cannot meet you in 1903." This was because the Reno team refused repeatedly to accept a challenge from the Sacramento team, and further, because a winner has a right to hold the championship for one year without accepting a challenge. The Reno team declares that the championship is forfeited to them because of this refusal to accept the challenge. This is adjudged an insult by the Capital City Wheelmen. The Reno team is anxious for a race during the State Fair, and have given L. F. Brenneke a check for \$1000 guarantee that they will bring 1000 people with them to this city to witness the race.

The alleged pollution of the Truckee river by the Floriston Pulp and Paper Company is to cease at once. That the stream is made the dumping place for all kinds of refuse from various places along the river is an undoubted fact. It does not all come from the paper mill and what is contaminating the river from that source will cease. The company made representations yesterday through B. J. Bither. He met in an informal session the trustees of the Chamber of Commerce. Mayor Turittin and Ex-Mayor Commissioner Merklinger were also present. Mr. Bither said in substance that the river water is not discolored by sulphuric, or rather sulphurous acid from the paper mill. The reddish tinge

Representative of Floriston Pulp & Paper Company Gives Assurance of Speedy Action

is due to tannin or some other innocuous substance. In proof of his allegation he picked up "Exhibit A," the bottle containing the red fluid that comes from the mill and deliberately drank a portion of it. Exhibits "B and C" are simply dilutions of the substance in the first bottle, having been taken from further down the stream. Mr. Bither picked up the fourth bottle and held it to the

light. The water is fairly clear, but on the surface is floating a grayish black substance half an inch deep. "This," he said, "is very probably particles of charred wood from the mill. I do not think that it is anything deleterious, but I am not certain." The representative of the paper mills people said that there would immediately be installed a filter through which the escaping water would pass several times before being released. "We are surely not allowing acid in any quantity to escape into the river. It would be poor management on our part, for the acid has a commercial value and would certainly be saved." He further said in substance that the company did not want to stand a law suit, but would rather expend \$20,000 to prevent anything injurious escaping into the river. If Mr. Bither's company will do as he says and implies, Reno will certainly have no fault to find. The people of this city will await the mill company's action and if it results in the cleaning of the river as it was before the mill was erected, the citizens will certainly be more than satisfied.

Entertainment Was an Interesting One and the Sum Realized Will Assure "Clan" That the People Sympathize With Him

About three hundred people attended the benefit entertainment tendered Alex (Clan) McKenzie in Wheelmen hall last evening. This doesn't by any means represent the number of people who purchased tickets, for many of the business men bought them in blocks and tore them up. The first number on the program was an overture by the Reno Wheelmen club band, followed by a vocal solo by George Ward, which was well received. Dr. Steckle and Prof. Christol, the club instructor, gave a very interesting fencing bout. The honors appeared to be about even. A piano solo by Ernest Corris was well played. Pat George and Herb Conway put up a very interesting three-round bout. It awakened considerable enthusiasm. The referee declared it a draw on the grounds that both parties had fouled. Cries of "fake" were heard about the room, but it isn't on record that any bets were declared off. J. B. O'Sullivan rendered a vocal solo and was so heartily cheered that he sang again. Both selections were Irish songs. Dancing was next in order and the evening was passed very enjoyably. The club band tendered its services free. There was probably two hundred dollars realized from the benefit. The coin will be dispatched to the "Clan" as an evidence that the club members and citizens of Reno generally appreciate his splendid work on the relay teams and sympathize with him in his present injured condition.

THE MOONLIGHT PICNIC
Knights are Preparing to Hold a Very Pleasant Event
The date has been set for the moonlight picnic at Bowers mansion by the Knights of Pythias. It will take place Tuesday, August 11th. The picnic will be for Knights and those invited by Knights only. No tickets will be sold after Saturday, August 6th. Tickets for the round trip will be 75 cents and will be on sale at Rosenthal & Armarko's.
Henry Riter will have refreshments for all those who do not take their lunch with them. There will be an orchestra of five pieces. The grounds will be illuminated with the lanterns used at the last D. O. K. K. parade and between bathing and dancing the evening promises to be a pleasant one.

QUIET DAY IN RENO
Only Three Scraps Reported During the Daylight Hours
The belligerents were little in evidence yesterday. It was too warm for anything to be doing. The only news that came to the ears of the police were a scrap in the brewery saloon in which a man was knocked sober with a chair. The next took place on Commercial street. One scrapper knocked another through a 56 inch pane of glass in the window of McCullough's drug store. The third was nearly a serious one. Two workmen, Brown and Moe, were arguing with brickbats in the new Golden building and a missile flew wild and struck an uninterested bystander by the name of Devenzia on the cranium, rendering him unconscious. He got a bad gash.

BACK TO THE WOODS
"Dike" and the "Baron" Hie Them Away to the Tall Timber
J. B. Schweitzer, aka "Baron Von Schweitzenhorencase," and A. B. Updike, better known as "Dike," leave this evening on a prospecting trip to Gold Lake to be gone about a month if the convicts do not make them vacate the country, as from last reports they are headed that way. Dike wanted to get his hair clipped and relieved of his moustache, but he has got to hold on to the same, as he says he is liable to get annihilated by some posse for a supposed convict. Schweitzer has armed himself with a bean blower and ten cents worth of beans to give battle to all convicts that come in his path, and Dike has purchased an air-gun and ten cents worth of B-B shot.

PICNIC AT BOWERS
A Pleasant Day Spent at This Beautiful Resort
A very pleasant picnic was given yesterday by the Parochial school at Bowers mansion. There were about one hundred grown people and an equal number of children. The day was enlivened by swimming contests, racing and a musical program. The special events were a foot race between Father Reynolds and Jack Rafferty, won by the former, and the other was between Donovan and a red headed girl. The girl with the auburn tresses took first money. Mrs. Riter and Mrs. Lindsay, as hostesses of the day, did everything possible to make the children happy.

Death From Natural Causes
An inquest was held by Coroner Updike yesterday over the remains of Henry Lucas, who was found dead at the rear of the Pyramid House. The jury found that the deceased came to his death from natural causes. The funeral will take place this afternoon from the Riverside undertaking parlors and the interment will be in Hillside cemetery.

A Peculiar Accident
Yesterday morning a small boy by the name of Patterson met with a peculiar accident. He was playing in the new Golden building and fell through the second floor joists. He caught by his chin and held on without using his hands until rescued from his perilous position. When taken to the street he bled freely from the mouth, but does not appear to be seriously injured.

STOCK SHIPMENTS
Sheep and Horses Shipped From This Point or Rested Here
Three carloads of government horses were rested here. They were shipped from the east. A portion were consigned to Monterey and the balance to the Presidio. Twenty-one carloads of sheep for King Johnson passed west night before last. Fifteen carloads of sheep for King Johnson and nineteen cars for H. Levy were rested here. The Levy sheep came from the eastern part of the state and the Johnson consignment came in over the N-C-O. Parry's corals are kept busy day and night handling rested stock.

SHOWING UP WELL
Five Cars Shipped From Tonopah-Belcher Since June 16th
Broker Charles E. Hudson, who is extensively interested in the development of the Tonopah-Belcher mine, near Tonopah, has received a letter from his son, Arthur, stating that the new discovery made recently on that property is opening up big and that ore is being sacked from there, almost from the grass roots. Since the 16th of June five cars of ore have been forwarded to the Salt Lake smelters.

Hard Luck Or Poor Management
Julius Schwarzschild is looking for a chauffeur. Yesterday he attempted to drive Manager Sample's rig from under a shed that has no sides and managed to hit with the top of the rig the only possible spot that would have prevented free egress. He says he will not drive again unattended.

GENERAL BLACK LEADS THE RACE

It Is Believed That He Will Head
the Grand Army of the Republic
as a Successor to Thomas
J. Stewart of Pennsylvania

Special to The Journal:
SAN FRANCISCO, Cal., July 30—
Though it is several weeks before the
veterans in blue will invade San Francisco
for the annual national encampment
of the G. A. R. much gossip is
arriving here concerning the forth-
coming contest for the head of the
famous organization in succession to
Commander-in-Chief Thos. J. Stewart
of Pennsylvania. At the Washington
encampment last year at which General
Stewart was chosen commander-in-
chief his leading opponent was Gen-
eral John C. Black of Chicago, and
General Black is again a leading candi-
date for the honor. Advance delega-
tions that have reached here to ar-
range for the coming of their comrades
state that the election of General Black
seems already assured. The state en-
campments of Illinois, Indiana, Wis-
consin, Minnesota and other states of
the Middle West have instructed for
him. At the same time the names
of several other prominent veterans
are mentioned and it is possible that
a dark horse may win the race as
has been the case more than once be-
fore in the history of the organization.

British Golfers Coming
Special to The Journal:
NEW YORK, July 30—According to
advice received here, the team of
Oxford and Cambridge golfers sails
from England on the steamer May-
flower today for Boston. On their ar-
rival there they will linger up by being
entertained one night by the Brook-
line Country Club and the next by the
Myopia Hunt Club.

Their first match in this country
will be a combined intercollegiate ag-
gregation on August 10 at the links of
the Essex Country Club, at Manches-
ter, Mass., Golf Association. Thence
they will journey to Chicago and op-
pose the best of the players in the
Western Golf Association on August
16. A trip to Pittsburg will follow
with a match against the Western
Pennsylvania Association, and then the
Philadelphia will be taken into camp.
The team will arrive in New York
during the yacht races, and also be
spectators at the amateur golf cham-
pionship, which begins September 1
at the Nassau Country Club. It is
proposed on the following Monday—
Labor Day—that the Englishmen take
part in a tournament, which will be
limited to thirty-two, and will include
only those that have played a promi-
nent role in the championship.

Marys Chautauqua Opening
Special to The Journal:
DEFIANCE, O., July 30—The Marys
Valley Chautauqua, the only
summer assembly of its kind in this
part of the state, opened today and
will continue for ten days. This is the
second year for the association, which
is conducted under the auspices of the
Christian denomination. A program
bristling with interesting features in
the way of music, lectures, speeches
and evangelistic addresses have been
arranged. One of the prominent
speakers will be Mayor Tom L. John-
son of Cleveland and it is probable that
another will be John L. Zimmerman
of Springfield, the leading candidate
for the Democratic gubernatorial nom-
ination.

Educational Topic Discussed
Special to The Journal:
MONTEAGLE, Tenn., July 30—At
today's sessions of the Tennessee
Teachers' association meeting papers
and addresses were presented as fol-
lows: "Needed Changes in Our Cur-
riculum," R. L. Jones, Chattanooga;
"What Shall be Tennessee's Next
Step in Educational Progress?" S. A.
Mynders, state superintendent of pub-
lic instruction; "Ways and Means of
Establishing and Maintaining Rural
School Libraries," J. I. Allman, Dover;
"Literature in the Grades," Prof. J.
L. Brooks, Jackson.

Shooting Tourney at La Crosse
Special to The Journal:
LA CROSSE, Wis., July 30—The
Interstate association tournament for
which the La Crosse and Viroqua Gun
Clubs have been preparing for a long
time opened today and will continue
through the remainder of the week.
The long list of prizes offered has
attracted a large number and high
class of entries, among the celebrities
being W. R. Crosby, Fred Gilbert, Rol-
lo Helkes, J. L. Head and Herman
Hirschy, winner of the 1902 Grand
American handicap live bird shoot.

ANOTHER YACHT RACE TO BE RUN

A Series of Contests in Which
the Fastest Boats in the United
States and Canada Will Par-
ticipate to be Held Next Month

MONTREAL, Que., July 30—Sir
Thomas Lipton and the New York
Yacht Club are not to have a monop-
oly of the international yacht racing this
year and during the next few days
at least the eyes of yachting enthu-
siasts on both sides of the border will
be turned toward Lake Saint Louis,
near this city. Here there was com-
menced today the series of contests
to determine possession of the Seawa-
haka-Corinthian Yacht Club's Interna-
tional Challenge cup for small yachts,
a trophy for which the fastest yachts
of Canada and the United States have
competed for on a number of former
occasions. The cup is now in the
possession of the Royal Canadian
Yacht club, which has selected the
yacht Thorella II. as its defender. The
challenging yacht is the representa-
tive of the Manchester Yacht club, of
Manchester, N. H. The contests are
to cover a period of three days. The
judges chosen to officiate are Mr. Phil-
lips of Clinton, Ont.; Mr. Boardman
of Boston, and Mr. Clarke of Boston.

Mohamouth's Horse Show
Special to The Journal:
LONG BRANCH, N. J., July 30—So-
ciety today deserted the beach, the
tennis courts and golf links for the
attractions of Hollywood park, where
the tenth annual exhibition of the
Monmouth County Horse Show Asso-
ciation opened under brilliant auspices.
Nearly all the leading stables of the
East are represented among the en-
tries. Prizes have been provided for
upwards of forty classes, embracing
every type of driving and riding horse.
Both as a society event and as an ex-
hibition of blue blooded horses the
present show promises to far eclipse
the exhibitions of former years. The
show will continue daily through the
remainder of the week and a large
attendance is assured.

New President of Ames College
Special to The Journal:
AMES, Ia., July 30—Dr. B. A.
Stormes, recently elected to the pres-
idency of Iowa State College, was to-
day formally received by the faculty
of that institution. Tonight a ban-
quet is to be given in his honor to
which leading state officials, educa-
tors of Iowa and friends and alumni
of the State College has been invited.
The new president leaves the pul-
pit to become an educator, having for-
merly been a pastor of Methodist
churches in Madison, Wis., and Des
Moines, Ia. He is graduate of the
University of Michigan.

Elizabeth's \$650,000 Courthouse
Special to The Journal:
ELIZABETH, N. J., July 30—
Speeches and other ceremonies ac-
companied the laying of the corner-
stone today of the new \$650,000 cour-
thouse for Union County. The laying
of the stone was conducted by the Ma-
sonic Grand Lodge of New Jersey and
speeches appropriate to the occasion
were delivered by United States Sen-
ator John Keen, former Governor Fos-
ter M. Voorhees and others. The new
edifice is designed to be one of the most
magnificent and costly structures of
its kind in the entire country.

Mackerel Scarce This Year
Special to The Journal:
BOSTON, Mass., July 30—According
to reports of returning fishermen
mackerel are about the most difficult
fish to find and catch this year of any
sort fishermen go after. Schooners
have scoured the Georges, the Bay of
Fundy and the Maine coast without
success. It appears from what they
report that the schools of fish supposed
by some to be mackerel are really her-
ring or porgies. In places the waters
swarm with these two varieties, but
not a sign of mackerel.

Assembly of Methodists
Special to The Journal:
ALTOONA, Pa., July 30—The annu-
al reunion of the Methodists of Cen-
tral Pennsylvania began today at
Lakemont park. The speakers includ-
ed Rev. Thomas J. Leak of Pittsburg,
Rev. J. M. Yeager of New York, Thos.
H. Mundy of Clearfield and Rev. C.
E. L. Kartwright of Scottsdale.

OSCAR GARDNER WILL FIGHT AGAIN

He Has Been Matched for a 20-
Round Contest With Aurelia
Herrera, the Event to Take
Place Before the Utah Club

Special to The Journal:
SALT LAKE CITY, Utah, July 30—
Oscar Gardner, once famous in the
pugilistic world under the sobriquet of
the "Omaha Kid" but who has not
been mixed up in the fighting game for
a long time, will be seen in the squared
circle again tonight if he fulfills a con-
tract signed with the Utah Athletic
club. The club has matched him to
try conclusions in a twenty-round
bout with Aurelia Herrera, the Mex-
ican fighter, who knocked out "Kid"
Broad in four rounds in Butte, Mon-
tana, on July 4th. Unless a marvel
has taken place in the rehabilitation
of Gardner the Mexican should have
little or no difficulty in disposing of
him handily. Gardner, though near the
top of his class when in his prime
was regarded as "all in" several years
ago and until his present match the
sporting public had quite forgotten
him, or at any rate entirely lost sight
of him.

Nothing Known

Will Cure Kidney Diseases After
They Have Fastened and Be-
come Chronic But the Fulton
Compounds. We Have Secured
the Sole Agency for This City.

Fulton's Renal Compound enjoys the unique
distinction of being the only thing known that
cures kidney trouble in all its stages from
the primary inflammation up to and including
the physical stage called Bright's Disease,
which has been up to the advent of this Com-
pound, positively incurable. Then, who not
suffer with the Renal Compound at first rather
than ordinary kidney medicine, all of which
fail except if the disease has reached the chronic
stage? Then you will know you are right. No
statements are published by the Fulton people
except cases that have reached the chronic
stage, incurable by all other known medicines.
Here is another recovery we are permitted to
refer to.

Mrs. S. E. Clute of 1727 Broadway, San Fran-
cisco, was pronounced by her physician as
incurably ill with kidney disease that had be-
come chronic (Bright's Disease). She also had
diabetes. Another physician was called in.
Dropsy had set in, the nails came off and he too
said nothing known would save her. She was so
far beyond help they told her not to further
torture herself by drinking. She went on the
Fulton Compound. The third week she was
slightly better. The third month the dropsy
came back and a few months later was
well and began dropping the treatment. An
attorney, friend of Mrs. Clute, Judge E. E.
Custer of 330 Pine street, San Francisco, had
diabetes that is also incurable according to
the books. Knowing of her recovery he too took
the Fulton Compound and in eight months re-
gained his health and is now in active practice.
Dropsy, rheumatism from uric acid, gout, pain
in the back, bladder trouble, etc., are proofs
that the kidneys are in trouble. The last stage
is Bright's Disease and Diabetes. If you are
feeling languid or miserable send for pamphlet.
Recovers nearly 90% among these, hitherto
incurable diseases. Fulton's Renal Compound
for Bright's and Kidney Diseases 21c for
Diabetes. John J. Fulton Co., 408 Wash-
ington street, San Francisco, sole compounders.

WAS AN ERROR SOMEWHERE

"OFFICIAL" TIME FOR THE RELAY RACE

A Journal Correspondent Points Out Some Obvious Errors and Desires to Have Them Corrected

Editor Journal: The official time of the relay race last Sunday as published in the San Francisco and Reno papers is so unfair and erroneous that in justice to the Reno riders a protest should be made and the errors as far as possible corrected.

It is very poor encouragement for our boys to make an effort for good time and then have the official time given from ten to twenty second slower than was made, while the opposing team is given either correct time or even faster than true time.

Perhaps it will now be in order to show a few very apparent errors in the official time of these riders as announced at the Reno riders. The third relay was ridden by Art Peckham for Reno and Bergner for Oakland. The official time of these riders as announced at the track and published in Reno and San Francisco papers was 12:58 for Peckham and 13:16 for Bergner, a difference of only 18 seconds in favor of Peckham. As Peckham gained more than a quarter of a mile on his man this official time, showing a gain of only 18 seconds, seems very peculiar and especially so when his unofficial time taken for the same relay was 12:36. The distance gained shows very plainly that the official time was wrong. Peckham's first mile was ridden in 2:16, but the official time made it 2:21.

Another proof of the errors of the official time is the total time made by the riders up to the time Hart made the lead of the Reno riders one mile. This test proves that either the Reno riders rode faster than the official time or the Oakland riders slower, or perhaps both.

Another conundrum developed in the race was that a man can ride nearly twice the distance in 34 seconds going at the rate of five miles in 13.0, than another man can in 36 seconds going at the rate of five miles in 12:37. Many people do not understand how it can be done, but a perusal of the official time of the eighth and ninth relay will probably convince the most skeptical.

Reno, July 30, 1903.

Home From His Vacation

Robert Cleator has returned to Reno after a short vacation spent in San Francisco and other coast cities. Incidentally, Mr. Cleator visited most of the largest shoe stores on the coast with a view of getting ideas for the arrangement of the commodious new establishment to be opened at 237 Virginia street, where the Gray, Reid and Wright Co. are now located. He was much impressed with the Sorosis shoe parlors on Post street, in San Francisco. They command the largest and best trade in the city in women's footwear, and their business is growing day by day.

While away, Mr. Cleator purchased most of the goods and fixtures for the new store. It is his intention to carry nothing but the very best, making a specialty of Sorosis, Queen Quality and Majestic for women, which are sold everywhere for \$3.50, \$3.00 and \$2.50; and Stacy-Adams and Vaik Overs for men, at \$5.00 to \$5.00 and \$4.50 to \$3.50.

An effort will be made to sell all of the goods in the Second street store before September 1st; most of the shoes there will be sold at a reduction of from 50 to 80 per cent.

Want the Dogs

Word was received in Carson yesterday from the authorities at Placerville asking for the bloodhounds that are the property of the state, to assist in the capture of the escaped convicts from Folsom prison. It is likely that the dogs will be shipped to the scene today. The animals are regarded as among the best on the coast. They were used to track Tracy and are large and powerful enough to kill a man should they run him down.—Appeal.

BRUTALLY TORTURED

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes, "for 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by S. J. Hodgkinson, Druggist.

POOR TRAIN SERVICE

Picnic at Bowers' Mansion Marred by V. & T. Mismanagement

It was understood after the fiasco of a couple of weeks ago, when the 8 o'clock train on the V. & T. delayed a picnic party until noon, that arrangements had been made to run picnic parties out to Bowers mansion in a special and then return for the regular run, but yesterday there was a repetition of the offense.

A large party assembled at the station at the time scheduled for the departure of the train, but the management refused to take them out until nearly four hours after the scheduled time. This action by the company is certainly injuring the reputation of the road in addition to incurring loss to Henry Riter, proprietor of the picnic grounds.

Unless the V. & T. management catches up with the present century and runs its trains for the accommodation of the public there certainly will be no crowd go to Carson from here to witness the proposed relay race or any other attraction. The Journal has a friendly feeling for the V. & T. company, but certainly cannot speak well of its evident desire to kill the excursions that would afford it large revenue.

TIN NEAR TONOPAH

Assays Showing the Metal in Good Quantity

The Miner, telling of latest developments at Tonopah, Nev., and disclosures in diggings that come almost within the embrace of the big camp proper, says that in the property of the Enterprise Mining company at Lone Mountain the management has found what it believes to be tin. The shaft is down thirty feet, at which point there is a large ledge, with no walls in sight, and carrying values as high as \$80 in silver and copper. Within the last few feet the ore has shown a white metal, which on being tested by local assayers proved to be tin. Samples of the ore have been sent to San Francisco for quantitative assay, to determine whether the metal is present in sufficient quantity to pay. The formation is similar to that in which the great tin mines of Cornwall are situated, being lime and granite, associated with copper, the granite preponderating.

COMSTOCK BULLION YIELD

MAY REQUIRE SEVEN
FIGURES TO EXPRESS

If the Comstock Produces More Than the Entire State, How Can the Comstock Be in Nevada?

The total bulk assay value of the ore product of Comstock mines last week was \$3266.20. Of this total the Con. Cal. & Va. produced \$5049.48; Silver Hill, \$2640; Ophir, \$506.72; Justice, \$77. This is a very good showing for an off week—the average weekly ore yield value being about \$10,000. This average will soon be augmented by the resumption of ore extraction in the Caledonia, where there is a large area of pay value exposed and the output may be further increased at an early date through the New York Con., Occidental, Daney tunnel and Utah falling into line as ore producing properties. From the present favorable outlook the bullion yield of the old lode next year will require seven numerals to express it, says the Report.

During the past three years the annual bullion yield of the Consolidated California and Virginia mine has averaged over \$500,000, and the outlook is decidedly encouraging for that amount being doubled or trebled when the submerged levels below the 2150 are recovered to admit of thorough exploration. Last year the Silver Hill produced gold bullion valued at \$78,000 from 3679 tons of ore—an average value of about \$21.25 per ton. During the year \$16,200 was disbursed in dividends. A resolution highly complimenting Superintendent A. C. Kyle for his able management of the company's property was unanimously passed at the annual meeting of shareholders. The outlook for the Comstock continuing to exceed the combined bullion product of the entire state is highly flattering.

NEVADA MINE BOUGHT

Keystone Passes Into Hands of Chicago Syndicate

With the first payment on the Keystone group of mines in Eureka county, Nev., just placed to the credit of the vendors, Peter Porter, representing a wealthy Chicago syndicate, by which the properties are being purchased, came in from the west yesterday. Before leaving camp he organized his forces for systematic work and with the developments outlined by him accomplished has no doubt that the Keystone will take its position among the most active of Nevada's producers.

In the main ledge, a contact between the limestone and granite, he has opened up a large body of copper-bearing ore, some of which rises to sensational percentages, while a ledge between the porphyry and limestone runs well up in silver and lead, with some copper and gold. The development of the properties will continue under the experienced direction of Mr. Porter, and that he will accomplish all for which he has started those who know his methods are prepared to believe.

While Mr. Porter would not release the figures required to dislodge the Nevada group, it is known that they are quite well up in the tens of thousands, as over the proposition there has been a great deal of rivalry.—Salt Lake Tribune.

SQUEEZING OUT THE WATER

THE comments of the Republican press upon the recent collapse in Wall Street are in the highest degree amusing albeit the subject is a rather serious one. As long as the boom was maintained it was cited as unmistakable evidence of the splendid Republican prosperity that was abroad in the land. When the boom broke it was not a matter of any particular concern, it was merely a "squeeze out of the water"—that was all. The substantial business of the country was all right, and would really be strengthened by the flurry in Wall Street.

This is a very pleasant sort of philosophy although it must be confessed that it is not exactly satisfying to one whose mind is of a logical turn. If a strong market in Wall Street is an evidence of prosperity, it is hard to see how a bad break in the market accompanied by some heavy failure can have the effect of strengthening the business situation. The two propositions seem to be diametrically opposed to each other, and if so, one of them must certainly be unsound. The contrary of this view can only be maintained upon the optimistic theory that everything which happens is for the best.

We should all of us indulge the hope that whatever there is of prosperity in the present business situation will be retained as long as possible but nothing is to be gained by arguing blindly that the substantial business interests of the country are not concerned in the ups and downs of Wall Street. It is perfectly well known that a very considerable part of the speculation carried on there is by men who are engaged in some line of legitimate business. In fact it is the legitimate business of the country that furnishes the money for speculative purposes, for more speculation in itself can produce nothing in the way of substantial wealth.

The merchant or the manufacturer or the railroad magnate having some money which he can spare for a time makes a plunge with it in Wall Street. If the market goes against him and he loses, it injures him in his regular business, more or less according to the extent of his losses. So if a banker loses on the loans he has made to a speculator, even though he may weather the storm it cripples him to some extent, and lessens his ability to loan money to others thus affecting business all along the line.

In truth as business is conducted in this country, largely on the basis of credit, the evil effects of a Wall Street slump cannot possibly be confined to the stock exchange itself. Even if the speculators on the street could be put into a class by themselves they would still be connected with the substantial business interests of the country through the medium of the banks which are the creditors of all classes. When a Wall Street speculator fails for a million dollars some bank is certain to lose. It may easily be that some banking institutions will be forced to the wall and hundreds of depositors injured, or perhaps, ruined. The failure of one bank often leads to the failure of others with the most far-reaching and disastrous effects.

It may well be that the recent trouble on the New York stock exchange will not be followed by disastrous consequences on a large scale. All well wishers of the country will surely hope so, but any talk of such a crash strengthening the business situation is the vilest twaddle. It is bound to create some distrust in the stability of the financial situation. And the distrust is not going to be removed by senseless talk about "squeezing out water," but rather increased, for who can tell when the "water has all been "squeezed out."

AN OPIUM MONOPOLY

ALTHOUGH Secretary Root of the War Department has temporarily sidetracked the opium business in the Philippines in order to get the people to quit thinking about it, it undoubtedly is the intention of the American Administration to establish an opium monopoly in those islands. When it does it will receive a rake-off amounting to probably a couple of hundred thousand dollars per annum. This sort of monopoly should work wonders in the archipelago. The merits of opium as a christianizing and civilizing agency are well established. The British have conducted a lucrative business in opium, ever since they introduced it in China. Considering the splendid effects the dope has produced in the Celestial regions, Taft's government has every reason to be exuberantly optimistic about the consequences to follow the setting up of an opium monopoly in the Philippine islands. The dope should prove more efficacious than bibles or guns.

THE more deeply the scandal in the Postoffice department is probed the worse the smell becomes. The fact that a Republican chief postoffice inspector named Hamlet is now being investigated and adding to the general malodorosity may induce paragraphers to assert that "there's something rotten in Denmark," but this will be shooting wide of the target. The rottenness is right in Washington and the administration must get rid of it if the Republican party's garments are not to be tainted beyond purification.

THE old Shamrock is no match for the new one and Hellanca beats Constitution and Columbia in a decisive manner. The cup races will be sailed this year by the best boats ever pitted against each other.

SOME years ago there was a sub-treasury scheme devised the purpose of which was to have the government aid the farmers of the country by loaning to them money on good security, but such a howl went up from Wall Street and associate institutions that the plan had to be abandoned. The claim was that all this was paternalism, and that the farmers were looking for special favors and that everything of this kind was contrary to the spirit of the constitution and the law.

But it is different when the government goes to the assistance of the banks. There is today in banks of the country more than a hundred and fifty millions of dollars belonging to the people nor is the government getting one cent of interest, or revenue of any kind whatever.

The people have been compelled to pay into the United States treasury millions upon millions of dollars. Those in charge of those millions make a present of its use to the bankers in our large cities and the bankers loan it back to its real owners at fancy rates of interest. This is what is known in Wall Street as "Wise Financiering."

During June the government printed and gave to the national bank more than seven millions in bank notes for which the government received no benefit at all upon which the people had to pay interest. What chumps the people are to permit their government machine to turn out money for banks, and not for themselves! But this is the best government and the best government system on earth! Not one voter in a hundred knows why we have a dozen kinds of money, nor how the banks get money from the government without pay, and many of them are childish enough to believe that the government is responsible for the deposits of national banks.

FORMER Governor Bradley called a man a liar during the recent State convention. As resolutions had just been adopted denouncing assassinations and mob law there was no shooting.

and Other Lands

The Doylestown National Bank of
Doylestown, Pa., has been closed by
the Controller of the Currency.

Professor Jerome Baker Landfield,
an instructor in the University of Cal-
ifornia, was the first caller on Presi-
dent Roosevelt yesterday.

Mrs. Blanche Kelley, wife of Daniel
J. Kelley, legislative agent of the
baking powder trust, is wanted by the
St. Louis grand jury as a witness.

Ten striking workmen were killed
and eighteen wounded as the re-
sult of a volley fired by troops at
Mikhailovo on the Tiflis-Batoum, July
28.

Secretary Cortelyou announced yes-
terday that Herbert Knox Smith had
been appointed Deputy Commissioner
of Corporations in the Department of
Commerce and Labor.

A statement prepared by the Bureau
of Insular Affairs of the War Depart-
ment shows the customs revenues in the
Philippines for the first four
months of 1903 to have been \$21,931,782
against \$21,901,011 in the same period
in 1902, and \$10,125,657 in 1899.

LeRoy Masterson, a foreman at the
Pueblo steel works, was murdered
shortly after midnight last night, while
lying asleep. Suspicion rests on mem-
bers of a gang of laborers of which
the dead man had charge and sixteen
of them have been arrested.

PERSONALS

Senator Summerfield and Walter
Lamb are the guests of Major Spriggs
at the Pyramid reservation.

Miss Edna Ardery, who has been the
guest of Miss Fannie Pike in this city
for the past week or two, returns to
her home in Virginia today.

Judge Dodge has returned from a
trip to California. While in Sacra-
mento he represented the Nevada-Cal-
ifornia-Oregon railway company before
the board of equalization.

E. G. Hummel came on from Tono-
pah yesterday and continued on to
San Francisco on mining business. He
stopped over between trains to visit
his brother, Judge Hummel.

Lands the Stories

Philip Verrill Mighels, a Carson
raised young man, is pretty well rep-
resented in the big American maga-
zines for the month of July. In the
Century he has an interesting short
story. McClures also prints a neat
short story by the Nevada author, and
Scribners contains a neat Western
short story. Three stories in one
month is doing pretty well in the lit-
erary line.

Should Irrigate More

Rattlesnakes are more numerous
in adjacent hills this year than at any
season within the memory of the old-
est settler. Not less than six were
killed within the past week by Com-
stock hunters who have visited El
Dorado canyon. One of the lot was
an old timer and carried eleven sec-
tions in his danger whistle.—Enter-
prise.

Next Attraction

The Richard Jose Minstrel Company
will probably appear in this city next
month. The company is headed by
Dick Jose and has been playing to big
houses all along the line.

President Wodson of the Cap-
ital City Wheelmen, says that while his
club is loyal to the city, and willing
to do everything to hold the State
Fair, a race with Reno would be im-
possible for the following reasons:
First, there will be no track for his
men to train on because ten days be-
fore the race comes off horses will
have the use of Agricultural Park,
second, a wheel race on a track used
for horse racing the same day is im-
possible. It would only be possible by
having the horses kept off, and the
track worked over during the night.
Furthermore a morning amusement is
never a drawing card in this city.
The matter was decided definitely
Monday nights by the race meet com-
mittee

horse, had its customary runaway yes-

As the train pulled in to Sodaville Saturday it was discovered that a carload of shingles was on fire and the people made a heroic effort to extinguish the blaze, but were unsuccessful, and the car was run on a siding, where it was totally destroyed.

There is a controversy over the question whether the preliminary hearing of Frank Smith for the murder of Walter Dunn should be held in Belmont or Tonopah. The sheriff refuses to take Smith to the latter place, fearing he will be lynched.

Death in an unexpected and unaccountable manner overtook a prosperous one-legged beggar named John Shields Tuesday morning. He died in one of the low resorts on the alley, commonly known as Rose's house. The coroner's jury was dissatisfied with the evidence taken at the inquest, that his death was due to natural causes. Deputy Coroner W. H. Hill has ordered that a post mortem examination be held as soon as possible. The outcome of this investigation will be watched with interest. Not until after the report on the autopsy is made, will the jury render its verdict. Truckee Republican.

Since the work of constructing the Lucin cut-off began storms have caused the loss of more than 350,000 feet of piling timber valued at thousands of dollars, says the Salt Lake Herald. Most of this timber is in the shape of square-sawed piles, varying from fifty to seventy-five feet in length. Carloads of the material have been scattered over the surface of the lake and cast up on the desolate shores of the various island and along the beach. For months past a half dozen tugs have been kept busy combing the beach and recovering the lost timber, yet it is estimated that this amount has been completely lost.

Very Remarkable Cure of Diarrhoea.
"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by S. J.
